## Step 2 – Ordering & Understanding Your Benefits

There are two ways to order using your dōTERRA Wholesale Membership. Either by placing a Standard Order (SO) with a 25% discount or a Loyalty Rewards Points (LRP) order with up to 55% discount.

A standard order is a one-time purchase. An LRP order is a regular monthly purchase that can be changed or cancelled at any time. The LRP order is the key to unlocking all the wonderful benefits beyond your wholesale discount and ordering the oils at the best prices.

### Understanding LRP

Loyalty Rewards Points are product credits you accrue every time you place a Loyalty Rewards Order (LRO). Your points will be added to your account after the 15th of the following month. These points will automatically accumulate in your account until spent or they expire one year after the issue date.  
1PV=approx. £1

### Product of the Month POM

Every month there is a FREE oil with a qualifying Loyalty Rewards Order (125PV by the 15<sup>th</sup> of the month).

### Redeeming Points

You can redeem points directly in your shopping cart. Just select the dropdown box under 'use points' next to the item you wish to purchase. You can redeem points on a separate order or in conjunction with your monthly LRP order.

### Cancelling

Should you wish to cancel your LRO, be sure to redeem any product credits you have earned, or they will be deleted with the order. Then simply call member services at (02) 8015-5080 or email [australia@doterra.com](mailto:australia@doterra.com) from the email address associated with your dōTERRA account and request a cancellation.

### Member Renewal

Your Membership is valid for one year and the membership renewal is £18 and comes with a free bottle of peppermint oil. The renewal fee is charged when you place an order. Your account becomes inactive if you do not order within 12 months of opening your account.

## Benefits

Ordering through the Loyalty Program gets you the following benefits:

- 10-30% of your purchase product volume back in points to use later for free product.
- Once you are earning 30% back on your purchases, you keep that percentage forever unless you cancel your LRO.
- A free oil every month with a qualifying 125PV order.
- Shipping costs are returned in points to be used for future orders.
- Custom orders with a 1PV minimum.
- Discounted prices on supplements when ordering with the Lifelong Vitality Pack.
- Helps you build your oil collection slowly while earning free product.
- You can change your shipping date at any time.
- Your order can be easily cancelled at any time.

## Understanding Product Value

## Loyalty Rewards Points Ordering

Ordering through dōTERRA's Loyalty Program is the smartest and most cost-effective way to use your dōTERRA Wholesale Membership. This program has the highest rewards in the wellness industry. Order at least one item a month to stay active (we recommend a minimum of 50PV). To order:

1. Go to [www.mydoterra.com](http://www.mydoterra.com)
2. Login with your user ID & password
3. Once in your "back-office" Choose CREATE LRP ORDER
4. Choose a date for the order to process on
5. Add the items you want
6. Then click on 'View Cart'. You can also add additional items in the 'quick add to cart' search.
7. Check the shipping address and payment details (you may need to add your card details the first time that you order)
8. Check your total PV value shown in green (see Understanding PV chart for summary of benefits)
9. Click on 'View Totals' to see the total cost of your order including tax & shipping
10. Click on 'Save Changes' or 'Continue'
11. If you click 'Continue' you can then select 'process order now' or 'process as scheduled'
12. Once processed you will receive an email confirming your order
13. Your order should arrive within 4-5 working days
14. IMPORTANT: Make sure that you set a reminder to update your cart each month a few days before its due to ship otherwise you will receive the same products as the previous month.
15. To update your order each month simple click on 'edit order'.

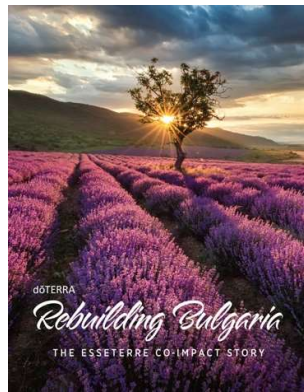

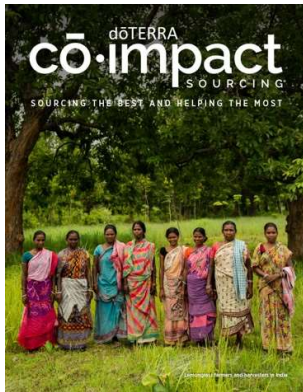

### Scheduled Loyalty Orders

Scheduled: 12/28/2020	
<a href="#">Edit Order</a>	Order Total £ 88.80
<a href="#">Ship Now!</a>	PV Total 110.50

16. Use 'quick add to cart' to edit your order. Make sure the frequency says 'monthly'. For limited time offers or BOGOs you will need to process straight away.

## Why dōTERRA?

### What makes dōTERRA different?

- The oils are sourced from indigenous plants and are the purest, most potent oils on the market.
- dōTERRA chooses to work with small-scale farmers.
- Transparency: All oil testing is available to the public.
- Supportive team education.

### How does my purchase make a difference?

- dōTERRA creates partnerships with growers around the world, nurturing developing economies and preserving rich agricultural traditions through dōTERRA Co-Impact Sourcing®.
- Each purchase improves the growers' lives and their communities.
- The dōTERRA Healing Hands Foundation®, dōTERRA's charitable organisation, provides funding and resources to create community-based, social-impact projects that improve lives in the larger communities where oils are sourced.
- Add Hope oil or Rose Hand Lotion to your purchase and the full purchase price goes to support dōTERRA Healing Hands

## Step 4 – Getting Familiar With The Top 10

There are many oils, but some you will use more often than others. Below is a summary of the Top 10. Also, read more on our blog post '[Getting Started With Essential Oils – The Top 10](#)'.

# Top 10 Oils

 <b>Frankincense</b> Promotes feelings of relaxation, soothing on skin.	 <b>Peppermint</b> Energising, promotes uplifted, cheery feelings.
 <b>Lemon</b> Clean refreshing aroma, promotes feelings of clarity and invigoration.	 <b>Air®</b> Invigorating and supports clear airways.
 <b>Lavender</b> Calming, soothes skin and promotes peaceful sleep.	 <b>Deep Blue®</b> Soothing and comforting after exercise.
 <b>Melaleuca</b> Natural household cleaner, cleansing and revitalising on skin.	 <b>ZenGest®</b> Calming for stomach after eating, or during travel.
 <b>Oregano</b> Refreshing, food flavouring.	 <b>On Guard®</b> Energising, uplifting, supports the immune system.

These statements have not been evaluated by the Food and Drug Administration  
Not intended to diagnose, treat, cure, or prevent any disease.

## Step 5 – Using Your Oils Safely & Effectively

There are three ways to use essential oils. Aromatically, Topically and Internally. Make sure that you always check the labels as not all oils can be ingested and some are photosensitive (e.g., citrus oils). Below is a summary of each use.

- Diffuse
- Inhale
- Aromatherapy

- Apply directly to the skin or dilute with fractionated Coconut oil

- Veggie Capsule
- With water
- Under the tongue

### Aromatic Use

Aromatic use is an easy and effective way for your body to absorb the benefits of essential oils. Smell is a highly sensory experience, and the elegant aromas of every essential oil have unique scents that are aromatically uplifting, calming, and energising.

Do	Don't
Diffuse 3-4 drops of essential oil in a cold air, or water diffuser.	Apply essential oils directly on, or inside your nose.
Apply essential oil to a cotton ball and place in desired area (such as inside a car vent).	Diffuse essential oils in a non-ventilated area.
Combine essential oil with water in a spray bottle and mist over linens, or into air.	Apply essential oil to broken, damaged, or otherwise injured skin.
Add essential oil to a batch of laundry, or to dryer sheets.	Apply to sensitive areas.
Put 1 drop essential oil in palms, rub hands together, cup hands over the nose and inhale deeply.

## Topical Use

Topical use is a great way for your body to absorb essential oils due to their low molecular weight and lipid solubility. Often we suggest that essential oils are used with a carrier oil, such as Fractionated Coconut Oil, to help increase absorption and simultaneously moisturize dry or flaky skin.

While carrier oils can be useful, some essential oils require dilution (or use of a carrier oil) to protect the skin. Every essential oil approved for topical use is divided into one of three categories:

- **(N) Neat:** apply directly to the skin without carrier oil.
- **(S) Sensitive:** dilute prior to use for sensitive skin types.
- **(D) Dilute:** required dilution prior to use.

Do	Don't
Check the essential oil label to see if the product is suggested N. S. or D.	Apply essential oil to skin around the eyes.
Dilute 'Neat' or 'Sensitive' essential oils with Fractionated Coconut Oil in a 1:3 ratio prior to use.	Apply essential oil to eyes and inner ears.
Dilute 'Dilute' essential oils with Fractionated Coconut Oil in a 1:10 ration prior to use.	Apply essential oil to broken, damaged, or otherwise injured skin.
Test topical essential oil use on a small patch of skin before applying to large areas of the body (everyone's body reacts differently).	Apply to sensitive areas.
Check the essential oil label for UV warnings.

## Carrier Oils

A carrier oil is used to dilute essential oils before applying them to the skin. These oils are usually a cold-pressed oil that comes from the fatty portions of particular plants.

### Common Types of Carrier Oil

Coconut	Almond	Grapeseed	Joboba	Olive
Light	Soothing	Delicate skin	Resembles natural skin oils	High in vitamins and minerals
Doesn't go rancid	Slightly oily	Used in cosmetics	Odourless	Great for hair
No Residue	Use in health and beauty recipes	Slightly odourless	Non-greasy	Heavy and oily
All skin types	Soothing		Expensive	Strong odour

## Photosensitive Oils

Some oils are photosensitive so you should avoid exposure sunlight for at least 12 hours after applying any of the following oils topically:

dōTERRA

## Dilution Guide

<b>% Dilution &amp; Age</b>	<b>5ml Bottle</b>	<b>10ml Bottle</b>
<b>0.5%</b> (0-12 months)	less than a drop	1 drop
<b>1%</b> (0-12 months)	1.5 drops	3 drops
<b>2%</b> (6-12 months)	3 drops	6 drops
<b>3%</b> (1-5 years)	4.5 drops	9 drops
<b>4%</b> (1-5 years)	6 drops	12 drops
<b>5%</b> (6-11 years)	7.5 drops	15 drops
<b>10%</b> (6-11 years)	15 drops	30 drops
<b>25%</b> (6-11 years)	1:3 ratio (drops of EO to carrier oil)	1:3 ratio (drops of EO to carrier oil)
<b>50%</b> (12-adult)	1:1 ratio (drops of EO to carrier oil)	1:1 ratio (drops of EO to carrier oil)

### Good to Know:

1 tsp = 5 ml = 1/6 oz  
2 tsp = 10 ml – 1/3 oz

### Helpful Notes:

Whatever concentration you choose, it is recommended to first do a “patch test” for any new oils before using.

Always start with the minimum amount of oils. You can always add more if you feel it’s necessary.

## Internal Use

Internal use allows you to receive essential oil benefits from the inside out—just one drop at a time! The flavour profiles of many essential oils are useful in cooking or can be added directly to a glass of water for a unique taste. Though essential oils are derived from consumable plant material such as fruit rinds or spices, not all are safe for internal consumption.

Do	Don't
Check the label to ensure the product is approved for internal use.	Directly consume undiluted drops of essential oil.
Add 1 drop essential oil per every 120ml water (water is a safe way to dilute essential oils for internal use).	Consume essential oils not approved for internal use.
Slowly add to recipes using a toothpick.	
Add to a vegetable capsule and consume.

## Recommended Daily Amounts

Below is a handy table that indicates the recommended maximum drops for topical, internal and aromatic use for adults and children.

Use	Adult		Child	
	Ideal Amount (in drops)	24 hr Max (in drops)	Ideal Amount (in drops)	24 hr Max (in drops)
Aromatic	-	-	-	-
Internal	2-4	12-24	1-2	3-12
Oral	1-3	4-18	-	-
Dermal	3-6	12-36	1-2	3-12

## Safety Tips

- Don't place essential oils directly in your ears, nose, or eyes.
- Don't flush eyes with water if exposed to an EO. Use a carrier oil on the outside of eye to draw it out.
- Don't apply oils topically (except bottom of feet) for 20 minutes before or after bathing or swimming.
- Don't store your oils in direct sunlight. Heat can damage EOs.
- Don't drink EOs from plastic containers.
- Do Avoid exposure to sunlight for at least 12 hours after applying photosensitive Oils.
- Do read the labels properly before use.
- Do use appropriate dilution (see dilution chart)

## What About Plastic?

**Ingesting Essential Oils:** You should always use glass or stainless steel, when taking essential oils internally.

**Storing Essential Oils:** You can store essential oils in glass or approved plastic containers.

- HDPE (High Density Polyethylene) spray bottles and containers.
- PETE (Polyethylene Terephthalate) number 1 and 2.

## Step 9 – Host a Class

Once you experience the amazing benefits of dōTERRA, it is natural to want to share the oils with friends and family. This can also be a great way to get FREE oils!

There are a number of ways to do this. One of the simplest is to book a class and one of our trained Wellness Advocates can come to your home and teach about the benefits of essential oils and how to get started. This can also be done online with Zoom.

As a host you will receive a gift and you also have the option to upgrade to a Wellness Advocate so that you can earn bonuses and commission from dōTERRA. dōTERRA has a generous system to help you pay for your oils or even supplement or replace your current income.

### Why Share dōTERRA?

➤ Personal retail website [www.mydoterra.com/yourname](http://www.mydoterra.com/yourname)

---

➤ Earn 25% profit on purchases made by Retail Customers

---

➤ High customer retention rate

---

➤ Unlimited earnings

---

➤ Great bonus opportunities

You can read more about sharing the oils or building a business with dōTERRA [here](#) and you can join our [business Facebook group](#).

Classes are educational, inspirational, empowering and fun! Generally, we recommend around 4-8 attendees. If you would like to explore options with this then please [book a time to chat](#) or host a class.
