Hi, I am Kim VanSessen.

I am a Strategic Futuristic Developer. I believe in the connectedness of all things. I have a strong belief in supporting others in reaching their individual goals. I love serving those who serve. I do this through the programs we offer and the practice of using essential oils for everyday life and wellness. I love to create classes to teach about oil blending and gemstone jewelry making for practical use in personal meditation.

My classes and practices offer a wide range of creative content from Empowered Essential Blends to Hat and Bag Bling, to Moonlight Meditations and Sacred Sound Circles. My Sacred Strengths Declaration Circle Ceremonies and Liberation Fire Ceremonies are some of my favorites. I have been making jewelry for over 30 years and love to teach.

My training includes Meditation, Business Building in dōTERRA, Sacred Circle Facilitation, and Sacred Strengths Coaching. I am Certified in Drum Circle Facilitation, Essential Oil Education and the Aromatouch Technique and Personal fragrance blending for the chakras and Meditation.
