01

What is the Anespa DX Shower Spa?

Treat yourself to a soothing hot spring experience with the ANESPA DX! With an abundant flow of mineralised water, your bathroom can instantly turn into a calming hot spring oasis using the massage shower head and /or bath hose. The Anespa generates mineral ion water for your bath or shower.

02

Removes Harmful Substances

The skin is the human body's largest organ and protects our internal organs from microbes, the elements and helps regulate the body temperature. Due to the large surface area of skin, harmful substances can enter the body through absorption, including the chemicals in tap water. The cartridge purification system of the Anespa effectively removes chlorine and bacteria from your water source via an active charcoal Futama-ceramic inner filter.

Mineral Ion Water

The Anespa contains a blend of natural hot spring ingredients and minerals, giving you the feeling that you're enjoying a pleasant hot spring and taking advantage of the mineral ion water. Relax and enjoy!

The Anespa DX comes with a 3-year manufacturer's warranty.
